Dear President Falconer:-

Have you succeeded in getting the $1200 to bring Professor Ledoux out to Canada? If you are not successful, I think it might be managed here. I have written him, telling him that I think he can rely on getting something to do in Canada, in the near future.

I remain,

Yours sincerely,

W. L. Goodwin

Dean.

Dean M. L. Goodwin,

School of Mining, Queen's University,

Kingston, Ont.

Dear Dean Goodwin:

I am glad to be able to state that we shall easily raise the $1200 necessary to bring Professor Ledoux to Canada. Generous as our staff have been it would be even more so for your people to raise $1200 with your smaller staff. This spirit in each University is an evidence of fine patriotism. I Have heard from Oxford both from Professor Ramsay Wright and Mr. Bowman of Magdalen that M. Ledoux is a man entirely worthy of our help. With kind regards, I am,

Yours sincerely,

President.
